

www.wewantarematch.com

To whom it concerns.

On the 11th December 2008 at The Prudential Center in Newark, New Jersey the International Boxing Federation cruiserweight world championship was contested by Steve 'USS' Cunningham, from Philadelphia, PA and Tomasz 'Goral' Adamek, originally from Poland now residing in Jersey City, NJ.

In our, the undersigned, view this event was one of the most exciting and close fought boxing matches of the year which ended in a close split decision favouring Tomasz 'Goral' Adamek. This view is also that of the world media and attached are quotes from a selection of the reports and articles stating that it is a candidate for 'Fight Of The Year' and that there should be a rematch as well as comments made by some of the signatories.

We believe that should a rematch take place it would exceed the standards set in the original event because Steve 'USS' Cunningham would be determined to regain his title, whilst Tomasz 'Goral' Adamek would be intent on retaining his newly won crown.

We, the fans of the sport of boxing, Want A Rematch!
